Description :

PDF-e13c5 | They'll challenge what it means to be human and test the limits of love. Amanda is a scientist for the military's cyborg program. Programming and repairing once-human soldiers is a lot easier than trying to date, so she buries herself in her work. She'll never admit that the cyborgs often seem like more than machines to her - especially the handsome AD-214. Even though Cyborg Sector has eras... *Cyborg Heat: A Science Fiction Cyborg Romance (Burning Metal) (Volume 1)*
